COURT WILL SETTLE COUNCIL SEAT FIGHT

Urban S. Lambert, of Alexandria, Still Trying to Oust Robert S. Barrett.

OTHER CASES OF INTEREST

Alexandria, Va., May 31.—Interest just now is centered on four cases appealed to the State Court of Appeals from the local courts of this city, on which it is expected the Appeals Court on Thursday next will hand down opinions.

A case of considerable interest is the contest over a seat in the City Council from the First Ward, instituted by Councilman Urban S. Lambert against Robert S. Barrett. The latter, following a decision in the Corporation Court here, with Judge Chichester presiding, was declared to be entitled to the seat. Mr. Lambert appealed the case, and this decision will be final.

Other cases on which decisions are expected are: Blunt against the Mercantile, Railway Building and Loan Association, from the Circuit Court for this city; Clanton against the Virginia Safe, Deposit and Trust Corporation, from the Corporation Court; Recker against the Southern Railway Company, from the Corporation Court.

Right Rev. D. J. O'Connell, Bishop of the Diocese of Richmond, will deliver an address to the graduates at the annual commencement exercises of St. Mary's Academy, which will be held at 3 o'clock the afternoon of June 12, next, at the Opera House. The exercises will include a splendid musical and literary program, which will be participated in by the students of that institution. One of the features will be an operetta, "The Rose and the Pearl," in which 100 little girls, appropriately costumed, will participate.

Diplomas of graduation and gold medals will be conferred upon the following in the academic course: Misses Mildred Beardon Goods, Julia Virginia Downey, Pauline August Hollnuth, and Maria Teresa Graumann, of this city, and Edna Marie Brill, of Cleveland, Ohio.

For having completed the two-year commercial diploma will be awarded the following: Rose Elizabeth Penn, Esther Rosenblat, Helen Louise Bowman, and Bertie Mae Pettit. Sixteen in the one-year commercial class will also be awarded diplomas.

After Armor Plate Plant.

The enterprise committee of the Chamber of Commerce held a meeting this morning, and made arrangements for a joint meeting of that committee, together with the members comprising the directors of the Chamber of Commerce for Tuesday night next for the purpose of taking steps toward having the proposed armor plate plant of the government located in Alexandria. According to a bill introduced in the Senate by Senator Ashurst of Arizona, it is proposed to expend \$1,500,000 for the erection of such a plant. Members of the chamber of Commerce point to the fact that there are many ideal sites on the river front which are admirably adapted for such purposes. It is the purpose of the members of this organization to take definite steps toward interesting government officials in selecting this place as a site for the proposed plant.

Henry Pearson, who conducts a general merchandise store at Accotink, Fairfax County, last night gave a would-be burglar a genuine surprise when just as the robber had battered in his front store door and was about to enter Pearson fired the contents of a double-barreled shotgun at him. The load of shot penetrated the door and the robber fled, jumping over a 20-foot embankment as he did so. The man, who is white, dropped his hat as he ran, which is now held by Mr. Pearson, and may assist the authorities in identifying the man. On numerous occasions Mr. Pearson's store has been visited by burglars, and last night, after closing his place of business, he decided to lie in wait. At 11 o'clock his vigil was rewarded by the appearance of the burglar.

Other News Notes.

Following a preliminary hearing in the Police Court this morning, James Johnson, colored, was held for the action of the grand jury on a charge of assaulting Daniel Tate, colored, the night of May 2. The testimony was that after refusing to pay for a few games of pool, Johnson hurled a cue ball at Tate. Missing him, he went to the street, and returning struck Tate with a brick, fracturing his skull. Tate has just left the hospital, and as a result of the blow he has lost his speech.

Members of the Glassblowers' Union of this city tomorrow will visit the cemeteries in and around the city and decorate the graves of their deceased members. They will be accompanied by the Holy Name Band.

Closing exercises of Arlington Institute, 215 North Washington Street, were held this afternoon. Diplomas of graduation were awarded Misses Lucy Marchant Anderson, Julia Ann Duncan, Mary Louise Ford, Carolyn Victoria Emerson, Margaret Virginia Emerson, Virginia Chauncey Paff, and Lucy Brown Uhler.

Exceptions to the report of Louis N. Duffey, special commissioner in the suit of H. K. Field & Co. and others against Samuel Bendheim and others, have been filed in the Corporation Court by the Southern Fireproof Supply Company. The amount of their claim is \$10,000.

At a called meeting of the Common Council, held at noon today, a resolution was passed authorizing the finance committee of the City Council to borrow the sum of \$4,000 for a period of thirty days, at a rate of interest not to exceed 4 per cent. The Aldermen acted on this at their last regular meeting.

Mahaly Virginia Hall's will was admitted to probate today in the Circuit Court for this city. The testatrix leaves most of her estate to her husband, Walter Hall, and a son, Charles Wanser, the former qualifying as executor. Bequests of \$100 and \$125, respectively, are made to Jessie and Nellie Bain, nieces. Frances Bain, a sister, is left \$150.

M. T. Dwyer has sold to Stephen Davis the two-story frame dwelling on the west side of Alfred Street, between Gibbon and Franklin Streets, known as 605 South Alfred Street.

In the Corporation Court today, a decree was entered confirming the sale of a house 419 South Lee Street, formerly the property of the Snowden estate, to Richard E. Washington.

There will be a meeting of the Colliwood Club at its clubhouse, on the Potomac, tomorrow, when several new members will be elected.

The body of Charles N. Steele, a former resident, who died in Washington, was brought here and buried today.

Owing to the critical illness of his brother, James H. Cunningham, of Rawlins, Va., W. Clifton Cunningham, of this city, left tonight for that place.

HOME RULE SPEECHES AT THE PEOPLE'S FORUM

Gathering is Held Under the Auspices of District Suffrage Association.

The People's Forum, at Eighth Street and Pennsylvania Avenue, was the gathering place for the usual Saturday night crowd of District suffrage sympathizers, and Thomas E. Will, president of the District of Columbia Suffrage Association, the speaker of the evening, re-echoed the forecast of Representative Ben Johnson, chairman of the House District Committee, to the effect that the District is soon to get the franchise.

Dr. Will declared, as did the chairman of the House District Committee, that the people of the District are being robbed of the vote by a small clique. He said that the half-and-half tax system was being turned against the majority of the people. He argued that it was right that the government help pay the taxes of the District, but that the system should be so arranged that the privileged few should not get all the benefit.

He recalled the remarks of Chairman Johnson in the House on January 22, when he said that the people should be allowed to spend their own money as they please, whereas now they have nothing to say as to how the money of the District shall be raised or spent.

Mr. Will said that now the taxes raised in the Northeast and Southwest sections are spent in the Northwestern division of the city, thus accounting for the rapid progress of that section over the other three. He told his hearers that the District is on the threshold of political freedom. The speakers of the District Suffrage Association have been swayed within the last week by Gilson Gardner and Herman B. Walker, and Dr. C. W. King, a woman suffrage worker of Washington State, has appeared on the speaker's stand a number of times.

In the corporation tax receipts an increase of \$150,000 is noted. An increase of \$100,000 in oleomargarine and other butter substitutes is recorded.

SEVENTEENTH AMENDMENT NOW IN CONSTITUTION

Secretary Bryan Signs Proclamation Which Calls for Election of Senators by Direct Vote.

Smiling in his satisfaction over realizing a reform for which he had fought for nearly a quarter of a century, Secretary of State Bryan yesterday signed the proclamation of the Seventeenth Amendment to the Constitution of the United States, providing for the direct election of United States Senators.

As Mr. Bryan proclaimed the amendment part of the law of the land, three earnest champions of the amendment were at his side—Harry St. George Tucker, of Virginia, who made the first fight for it in the House of Representatives twenty-two years ago; Representative Tucker of Missouri, who piloted the clause to its final passage in the House about a year ago, and Senator Borah of Idaho, who fathered the amendment in the Senate.

"My only regret is that I did not also have the pleasure of signing the income tax amendment three months ago," said Mr. Bryan, "but Mr. Knox got ahead of me in that."

Mr. Bryan provided four pens for signing the proclamation. The first one was given as a souvenir to former Representative Tucker, of Virginia. The second pen, with which he signed his middle name, Jennings, was given to Representative Tucker. The third, used for signing his last name, was kept for himself. The fourth, with which he inscribed the date, was handed to Senator Borah.

TAXPAYERS OVERBURN OFFICE OF COLLECTOR

Last Day of Month Witnesses Rush to Settle on Property to Avoid Penalty.

Charles C. Rogers, and his assistants, were kept busy yesterday taking money from tax payers who rushed to their office on the last day in order to avoid a 1 per cent penalty on real and personal property taxes. Those who have neglected to call upon the collector of taxes up to yesterday, must pay 1 per cent penalty for every month they postpone the disagreeable duty of reimbursing the District for its kindly government.

The tax collector is looking forward to a rushing season. Many who failed to pay up yesterday will do so during the month of June. With July 1, the new fiscal year begins, when several kinds of special licenses must be renewed. Dog tags will be on sale. Officials at the tax office always have lots of company during the month of July.

Street Railway Company Sued.

The Capital Traction Company is made the defendant in a suit for \$10,000, filed by Alpheus Winter, it being claimed by the plaintiff that April 7 he was ejected without reason from one of the cars of the defendant company.

Bankruptcy Petition Filed.

A voluntary petition in bankruptcy was filed yesterday by John H. Ashburn, formerly proprietor of the Frontal Hotel. Assets were given as \$111.30 and liabilities as \$1,913.33.
